Timory,

Thank you so much for your donation. Unfortunately I am not able to open up a bank account in our name as a non-profit until we receive our status. I just finished our non-profit application and need to wait for approval. So, I have just been taking donations via paypal through our website: <http://www.seaandspace.org/giving.html> So, I am not able to cash your check. But, I wanted to thank you so much for your kindness and support. I am sending you a mug.

Much love,
